## TRUSTEES' MEETING

### PERMISSION GRANTED FOR FURNITURE FACTORY ON SAN FERNANDO ROAD

The Board assembled at 8:30 p. m., March 18, 1920. The meeting was called to order by the clerk. There were present Trustees Henry, Jackson, Shaw and Woodberry. Absent, Trustee Muhleman. In the absence of the Chairman, Trustee Jackson was appointed Chairman pro tem. The minutes of the regular meeting of March 11, 1920, were read and approved.

A petition was presented, signed by Dr. Duncan and about twenty other residents and property owners in the vicinity of San Fernando Road and Central Avenue, requesting that the trustees grant permission to establish a furniture factory in the brick block cornering on those streets. Major Payne, the owner of the block in question, addressed the Board. Trustee Henry made a motion that the permit be granted for the term of one year. Trustee Shaw presented the following resolution, which was seconded by Trustee Henry, and adopted on roll call: "That the Russell Manufacturing Company is hereby granted permission to maintain for the period of one year from date hereof, a furniture factory in those certain premises located at the northwest corner of South San Fernando Road and Euclid St., known as the Payne block, provided, however, that this permit is on condition that no other power than electric power shall be used in the operation of the same."

(Continued on Page 3)

### DAUGHTER BORN TO MR. AND MRS. MARLATT

Two very happy grandmothers, not to speak of other relatives, are rejoicing over the arrival Thursday morning, March 18, 1920, of a nine-pound girl to gladden the home of Mr. and Mrs. Eldred H. Marlatt. The mother of the infant, who was formerly Mabel Newcomb, is at the home of her parents, 124 North Everett Street, and she and her baby are doing well. Mr. Marlatt is the son of Mrs. B. L. Cline of 720 East Windsor Road. The little one is her first grandchild and is most welcome. Mr. and Mrs. Marlatt were graduated from Glendale High and have a host of friends here. The young father is an ex-service man.

### OFFENDERS SEEK TO EVADE PUNISHMENT

Chief of Police Lampert had to go to Los Angeles this morning to look after a citizen who had been arrested in Glendale for excessive speeding in his auto and had neglected to appear for trial. Mr. Lampert says this is not an infrequent occurrence and that recently two citizens of San Francisco who had been apprehended for traffic law violations went back home without appearing before the court and were brought to time through correspondence with police authorities in the Bay city. There is a cordial co-operation between police officials of the different cities, so it is hard for any offender to escape the penalty of his transgression of the laws.

## ALMOST HUMAN

### SCRAPER WORKED BY ENGINE ATTRACTS MANY INTERESTED SPECTATORS

Many people are attracted to the scene of the bridging work at the Brand Boulevard crossing of the wash by the almost human work of machinery used. The big concrete mixer that did the work of many men was of course an old story, but right now there is in action a simple scraper that demonstrates the efficiency of machinery. An upright steam engine on the north bank, run by one man, controls the action. The scraper, one of the kind ordinarily pulled by two, three or four mules, is worked by two long steel cables that run through pulleys. One pulls the empty scraper back for a fresh "bite" into the pile of loose dirt that is to be moved, and the other drags the load to where it is needed. The load is dumped and as the scraper is pulled back, a lever, worked by the foot of the engineer, who is a hundred feet away, causes it to stand upright and dance about till all the dirt is shaken out. This apparently simple arrangement expedites the work wonderfully for the steel cables pull the scraper into places where mules cannot be driven and the steady pulls back and forth, keep up constantly.

## NOMINATING CAUCUS

### HARMONIOUS MEETING IN HORSES' CANDIDATES FOR CITY OFFICES

An audience of about 125 persons assembled at the Glendale Union High School Thursday evening to indicate their choice of candidates for city offices to be voted upon April 12th. It was a representative audience of men and women who have heretofore shown their interest in civic affairs and their willingness to work for the upbuilding of Glendale, but it was a perfectly good-natured gathering with no marked partisan spirit.

It was called to order by A. T. Cowan, who reminded the audience that its first duty would be to select a chairman for the evening. E. U. Emery nominated and L. T. Rowley seconded the nomination of Roy Kent, who was unanimously chosen for the chairmanship and hurried to the platform against his protests. Owen Emery was nominated to the secretaryship by A. T. Cowan and the nomination seconded by Albert Pearce. He, too, was unanimously elected to the office and took his place on the platform beside the chairman, who then explained the purpose of the meeting, to consider candidates to fill three vacancies in the Board of Trustees and serve for a term of four years, and also candidates for the offices of City Clerk and Treasurer. He then suggested that the assembly adopt some rules to govern its deliberations such as limiting the time of speeches. Mr. Pearce responded by referring to times in the past when at similar meetings due decorum had not been maintained and suggesting that the chairman be authorized to request one indulging in personalities to leave the assembly. (applause). He then embodied in the form of a motion a set of rules to govern the assembly which were seconded and unanimously carried. The motion stipulated that no personalities be indulged in, that nominating speeches be limited to five minutes, and speeches seconding nominations to one minute, that all voting should be done by written ballot, and that a majority of all voters will be required to secure nomination of a candidate.

In answer to the inquiry of E. U. Emery as to how many candidates mentioned for offices had filed petitions, Judge Lowe named the following: Spencer Robinson, J. E. Peters, C. O. Pulliam, and F. J. Willett.

R. L. McCourt made a brief speech in which he summarized the good qualities of the chairman, referring to him as a young man of action and business ability, then placed in nomination Roy L. Kent, the nomination being warmly applauded. It was seconded by E. U. Emery with appropriate remarks.

Albert Pearce then nominated as a man worthy to be placed in the same class as Chairman Kent, a man who stands for the best ideals in city government and who has demonstrated his worth in his long residence here—V. M. Hollister. Applause followed this nomination, which was seconded by C. L. Chandler.

W. R. Phelon then addressed the club declaring it seemed fitting to him that the city should at this time honor a man who answered his country's call, a man whose boyhood and early youth have been spent here, who was graduated with high honors in the very auditorium in which the gathering was assembled, Dwight W. Stephenson. A warmer burst of applause greeted this nomination, which was seconded with a neat speech of approval and indorsement by Dru Nicoles, chairman of the Glendale Post of the American Legion.

Mr. Guthrie then placed in nomination a young business man "of whom I have yet to hear the slightest word of reproach in derogation of his character who has been active in the upbuilding of Glendale, George Bentley." More applause. This nomination was seconded by O. A. Lane, who suggested that in nominating candidates their location in the city be taken into account that all parts of the municipality may be represented on the Board of Trustees. The hold-over members, Mr. Shaw and Mr. Henry, he declared, should adequately represent the south part of the city and the three to be chosen he thought should be selected with a view to representing the north, east

WEATHER FORECAST: Fair tonight and Saturday. No important change in temperature.

## SUICIDE OF GENERAL VON LUETTWITZ

### TRAGIC DEATH OF FORMER SUPPORTER OF VON KAPP, REVOLUTIONARY LEADER, REPORTED TODAY

(Special Service to Glendale Evening News)

PARIS, March 19.—General Von Luettwitz, leader of the counter revolutionists, has committed suicide, according to the newspaper "Kolner Tagblatt." General Von Luettwitz supported Dr. Wolfgang Kapp, chancellor of the short-lived revolutionary government who fled from Berlin.

## EVACUATION OF BERLIN

### RETIREMENT OF MILITARY FORCES OF REVOLUTIONISTS MARKED BY FIERCE FIGHTING

(Special Service to Glendale Evening News)

BERLIN, March 19.—Violent fighting between crowds of workmen and soldiers marked the evacuation of the capital by insurgent military forces today. Several persons were killed and others wounded in the vicinity of Hotel Adlon Thursday afternoon.

As the revolutionist military power evacuated Wilhelmstrasse, order was restored by the police supporting the Ebert government who marched down the historic street shortly after four o'clock.

A large crowd on Unter den Linden shouted and some shots were fired. The police who followed the marines marched down the street to clear a passage. As the police progressed down the street a second group of marines appeared and for three or four minutes shooting was general. Other marines appeared before Hotel Adlon and fired into the crowds there. Heavy fighting also was heard in the vicinity of the Brandenburg Gate.

The only attempt against the lives of foreigners came early Thursday afternoon when a mob attempted to rush Hotel Adlon, the headquarters of the various foreign nations. The mob was repulsed by guards.

## NOMINATION FOR SECRETARY OF STATE

### SENATE FOREIGN RELATIONS COMMITTEE ORDERS A FAVORABLE REPORT ON COLBY

(Special Service to Glendale Evening News)

Washington, March 19.—The Senate Foreign Relations Committee today ordered a favorable report on the nomination of Bainbridge Colby to be secretary of state. Several members of the committee said they would not be bound by the favorable report to vote in the Senate in favor of confirming Colby. Today's action disposed of the objections raised against Colby on various grounds, the exact nature of which the committee declined to make public. No formal charge was ever filed against Colby.

## TURKS PANIC STRIKEN

### GOVERNMENT ON THE POINT OF FLEEING WHEN ALLIED TROOPS OCCUPY CONSTANTINOPLE

(Special Service to Glendale Evening News)

LONDON, March 19.—Dispatches today report that the Turkish government is on the point of fleeing as a result of the allied occupation of Constantinople. The Turks became panic stricken when the allied troops marched into the city and organized resistance was quickly broken, the dispatch said.

## PEACE TREATY RATIFICATION

### SENATE CONSIDERS PREAMBLE TO RATIFYING RESOLUTION CALLING UP LODGE AMENDMENT

(Special Service to Glendale Evening News)

WASHINGTON, March 19.—With all indications pointing to a final vote on the peace treaty, today the Senate took up the preamble to the ratifying resolution. The Lodge amendment was first called. It provides that a failure on the part of the allies and associated powers to make objections to the Senate's reservations before America's notice of ratification is deposited, shall be taken as full and final acceptance of such reservations and understanding by said powers. The preamble as adopted last November requires that at least three allied powers notify this government through diplomatic notes of the acceptance of the reservations. Lodge's amendment was adopted without roll call and there was practically no debate.

Eleventh hour surveys of the situation by leaders of the various factions convinced them, they declared, that nothing can now change a single vote. Senator Hitchcock predicted 40 to 42 votes against ratification.

After the Lodge amendment was adopted, Senator Brandegee called up his amendment to the preamble which provides that ratification shall not take effect unless the instrument of ratification shall have been filed sixty days after the adoption of the reservation of ratification by the Senate. This amendment was defeated by a vote of 41 to 42.

### DECLINE IN H. C. L.

WASHINGTON, March 19.—Living costs in February were six-tenths of one per cent less than in January, according to figures made public today by the Labor Department. The figures are based on reports from retail food dealers in fifty-one cities.

## CHAMBER OF COMMERCE

### MEMBERS AND FRIENDS BANQUET AT WHITE INN AND GREET CANDIDATES

Members of the Glendale Chamber of Commerce and their friends to the number of about thirty enjoyed a banquet at the White Inn last evening at which Dr. Jessie Russell was toastmaster. Three candidates to be voted upon at the coming municipal election were present, viz., J. W. Stauffacher, J. C. Sherer, and J. E. Peters. Several Tejuja representatives were guests and in the course of informal discussion urged the need of an electric line between that community and Glendale. Captain Kelley spoke for the Casa Verdugo district and expressed the opinion that the paramount need of Glendale is a good hotel. The advisability of encouraging factories and other industries to locate in Glendale was the theme of several speakers.

Announcement was made that the next gathering of the chamber would take place in the south part of the city at the headquarters of the women's club of that section, which has been revived as a civic club, and that candidates to be voted upon April 12th would be present as guests and speakers.

There appeared to be general agreement on the part of speakers that Glendale should adopt a charter.

### INDUSTRIAL SECTION STARTED

The citizens of the Tropico section are rejoicing that the objections to the issuing of a temporary permit to Mr. Russell for the establishment of his furniture factory in the Payne building have been overruled and the permit granted. Mr. Russell expects to start work in the building named and build a new and up-to-date factory later. This is a start toward what is hoped to be a thriving industrial district along the Southern Pacific tracks.

### ABUNDANCE OF CITY WATER SINCE RAIN

Goodly streams of water flowing down the entire length of Glendale Avenue the past two or three days have caused many people to wonder if a large main had burst. Mr. Phillips, superintendent of the Public Service Department, says no such accident happened, but that the streams resulted from the overflowing of the reservoir as a result of the recent rains. The water should have been turned into the Wash through sluice gates before it could reach the reservoir but this had been overlooked on the occasions noted, hence the overflow was down Glendale Avenue. Small streams have been flowing down the Wash the past few days, but generally were soaked up by the thirsty sands before they had gotten much further than Central Avenue.

## ABOUT SWIMMING POOL

### SEVERAL FEATURES OF PROJECT THAT CITIZENS SHOULD UNDERSTAND

Judge Lowe, who enlisted, heart and soul, in the swimming pool project at the very start, is somewhat disappointed, as are the boys and girls conducting the canvass, at the meager responses many citizens are making to the appeals for funds. He says that only a dollar or two is given by scores of men who are amply able, he is sure, to give \$10 to \$25. He believes that surely the matter is not understood thoroughly or the responses would be more generous. It should be borne in mind that this swimming pool and its equipment are to be up-to-date and thoroughly sanitary, conforming to every requirement of the State Board of Health. The pool is to be lined throughout with glazed tile, making a smooth surface to which nothing can adhere and the utmost cleanliness will be insisted upon.

The pool is not for children only, but for every citizen of the valley who wishes to avail himself or herself of its privileges. It will be open from 8 a. m. to 6 p. m. only, and there will be an attendant present at all times to see that all the properties are strictly observed.

With the above explanations, Judge Lowe believes that every one will understand the matter thoroughly and give liberally toward this worthy cause.

It is hoped to have the swimming pool ready for use by June 15, but if this is accomplished the responses must be more liberal than they have been.

## OVER HALF MILLION

### BUILDING PERMITS SINCE JANUARY 1 ABOVE \$500,000

Santa Ana, claiming five to eight thousand greater population than Glendale, is boasting over the fact that her building permits since January 1, 1920, have amounted to \$517,000. Glendale can beat that, for with the Broadway school building permit, Glendale reached a total of \$552,000 since January 1, 1920. Santa Ana had one single permit for the sum of \$200,000, it being for a big tourist hotel, while Glendale's three largest, \$78,000 for the Broadway School, \$60,000 for the new theatre and \$14,000 for the Glendale Evening News office, total nearly \$50,000 less than this sum, showing that our city had a far greater growth in the number of buildings erected than our larger competitor. By far the larger number of Glendale permits were for residences which shows that it has a valid title to the well-known designation, "A City of Homes."

### SUPERVISOR CHARLTON GOES TO NEW POST

R. L. Charlton who for several years past has been supervisor of the Angeles National Reserve, which includes the mountain forest region north of Glendale, has been promoted to inspector of the Angeles, Santa Barbara and Cleveland reserves. He was well known to many people in Glendale and has always been held in high esteem by the forest rangers under his direction, as well as the residents of the Angeles Reserve. His successor, Shirley Allen, assumed his duties this morning.

### MONTHLY BUSINESS MEETING OF "LIVE COLE" CLASS

The monthly business and social meeting of the "Live Cole" class of the Central Christian Sunday school was held last evening at Homer B. Miller's, 434 Burchett Street, with about 20 in attendance. It was a "tacky party," everybody appearing in old clothes and there was a distinct flavor of good old Saint Pat in the arrangements and decorations. There were Irish games, Irish songs and even the ice cream was of vivid emerald hue. After the transaction of class business, the remainder of the evening was devoted to social enjoyment and refreshments.

### GREEN AND WHITE LUNCHEON

Mrs. L. P. Abell entertained with a charming luncheon at her home, 3444 Atwater Avenue, Wednesday, in honor of her aunt, Mrs. Gow, a tourist from the East who has been spending the past two months in Southern California. The lavish use of Cherokee roses made a charming decoration for the table and living room in the carrying out of a St. Patrick's motif which dominated the appointments and menu. Covers were laid for the guest of honor, her daughter-in-law, Mrs. Frank Gow, Mrs. C. M. Van Dyke, Mrs. Blake Franklin, Mrs. E. Shook, Mrs. A. R. Chappell, Mrs. Sidney Grover of Los Angeles, and the hostess. A pleasant afternoon was spent by the ladies at cards.

## WAS ON BURNED TRUCK

### E. L. ANDREWS, REGULAR GLENDALE VISITOR, IN EAGLE ROCK FIRE

E. L. Andrews, driver of the big Standard Oil truck that was nearly destroyed by fire in Eagle Rock Wednesday, was in Glendale yesterday on his regular trip, none the worse for his experience, though he confessed he certainly had a bad scare. It was he who telephoned the call to the Glendale Fire Department and he is warm in his praises of their efficient work. He says that only the blowing of a hole in the gasoline tank on the truck, thus releasing the pent up air and gas, preventing an explosion which would have thrown the burning gasoline in every direction and started fires that might have wiped out the city. It was the fear of such an explosion that impelled him to jump on the burning truck and run it to the center of the street. Mr. Andrews has been making regular trips to Glendale for about seven years on the big trucks, starting in when horses were used as the motive power, and he is known to every wholesale buyer of oil, gasoline and kindred products handled by the Standard. And there's surely a large number of such buyers in Glendale.

## The Correct Foundation for the Corset and Fine Gown

ATHENA Underwear is cut to fit you *exactly*. It never wrinkles under the corset—hence gives the right foundation for the gown. It affords a delightful freedom to body and limbs, giving grace, poise and true comfort.

### ATHENA UNDERWEAR FOR WOMEN AND CHILDREN

Its *comfortableness* is so unusual that when women once wear it they seldom return to the ordinary garments that must be *stretched* into shape.

ATHENA Underwear is made in all sizes, weights and qualities, at prices you pay for ordinary underwear.

H. S. WEBB & CO.  
103 S. Brand Blvd.  
Glendale 713

Note the Contrast between ATHENA and ordinary underwear, as shown in the two illustrations. ATHENA is tailored in the MAKING to conform to the figure naturally, without being stretched into shape.

Watsonville—The construction of a new garage which will accommodate 100 machines has been started.

Blythe is erecting seven re-inforced concrete buildings at the present time.

#### NOMINATING CAUCUS

(Continued from Page 1)  
and west sections. To represent the east section he then placed in nomination a man whose petition has already been filed and whom he declared to be worthy in every way, Spencer Robinson. This nomination was promptly seconded by Mrs. Ralph Meeker.

Judge F. H. Lowe then moved that the names of other candidates whose petitions have been filed be added to the list of nominations, and his suggestion was seconded by Mr. McCourt, the motion carrying unanimously. The names of C. O. Pulliam, J. E. Peters and F. J. Willett were accordingly added.

E. U. Emery then expressed the fear that the meeting was showing partiality and not taking sufficient account of the intelligent, efficient business women of the city in making its nominations to the office of trustee. He then placed in nomination as one competent to fill any office in the gift of the city, Mrs. Ann Patrick Bartlett. Great applause followed this nomination, which was seconded by Mrs. John Robert White, Jr.

L. T. Rowley then moved that nominations be closed, the motion carrying without a dissenting voice. A. T. Cowan suggested, inasmuch as the question of the residence locations of candidates had been raised, that their addresses follow the names of nominees which had been written upon a blackboard by Secretary Emery. The suggestion was adopted, the prospective address of Dwight W. Stephenson being written as West Wilson Avenue.

Tellers for the different sections of the auditorium were then named by the chairman as follows: Messrs. Packer, McCourt, Lusby, Gray, Butts, E. U. Emery, Rowley, Cowan, Pearce, Vesper and Guthrie.

The ballot was then taken and resulted as follows:

Kent 55, Bentley 59, Stephenson 64, Robinson 46, Peters 31, Bartlett 48, Willett 2, Pulliam 5, Hollister 22, Scattering 1.

The tellers announced that the total number of votes cast was 311. A count of those present eligible as voters was then called for and was made by the tellers named by the Chairman who reported 120 voters present.

It was then declared that Mr. Stephenson had received a majority of the votes cast and therefore, under the rules adopted by the assembly, had been nominated. The declaration was received with manifestations of approval.

The assembly then gave its attention to nominations to fill the

two remaining vacancies, but some misunderstanding existed as to how many should be voted for on the ballots passed around, the chairman ruling that three should be named by the voters. In the face of some protests Mr. Pearce, who had drafted the rules adopted by the assembly, moved the suspension of the rules and that the assembly indorse as nominees the five candidates who had received the highest number of votes, viz., Dwight W. Stephenson, Roy Kent, George Bentley, Ann Patrick Bartlett and Spencer Robinson.

Mr. Lane moved to amend the motion by the addition of the name of Mr. Peters. Mr. Packer moved an amendment to the amendment adding the names of all the candidates (9). Both of these amendments, when put by the chairman failed, but the original motion made by Mr. Pearce calling for the indorsement of the five candidates named, carried by quite a large margin of votes.

The question of indorsing candidates for the offices of City Clerk and Treasurer was then brought up for consideration. Mr. Lane moved that the assembly indorse J. C. Sherer for the office of City Clerk, and J. W. Stauffacher for the office of City Treasurer to succeed themselves. The motion was seconded. Some discussion followed, E. U. Emery saying: "While I have no special reason for not indorsing the two candidates named by Mr. Lane, I think it is not the wisest thing to do at this meeting and go on record as not giving any other good citizen a chance to even run."

Bert Woodard expressed the opinion that the candidates named were the choice of the majority of the voters and that the assembly would make no mistake in indorsing them. The vote was then taken and resulted in the unanimous indorsement of Mr. Sherer and Mr. Stauffacher for the offices named.

#### TRUSTEES' MEETING

(Continued from Page 1)  
eration of said factory, and that the machinery therein shall not be operated between the hours of 8 p. m. and 7 a. m., nor in such manner as to constitute a nuisance to residents in the neighborhood."

An application was presented from the Broadway Garage, Earl F. McGrew, asking for a permit to conduct a jitney business. On motion of Trustee Henry it was granted.

Communication was read from A. Ambrosini requesting that the Board order the laying of water mains on his property on Fairview Avenue between Colorado Street and Broadway before the work of grading the same and improvements by the City of Eagle Rock are completed. It was referred to the City Manager for report.

A communication was read from the Sanitary Inspector, showing during the week just ended three cases of influenza, two of whooping cough and one of measles.

Demands were presented and referred to the Finance Committee.

The City Engineer presented the plans and specifications, with a map of the proposed assessment district, for the improvement of Sycamore Canyon Road. The same were discussed informally at considerable length, and on motion of Trustee Shaw, it was ordered that the territory as shown by the map be enlarged by extending the boundary westerly and northerly approximately along the line of the old city limits, and northward along a line which would be an extension of Everett St., and along Everett Street northerly to Wilson Avenue; easterly on Wilson Avenue to Cedar Street; northerly on Cedar Street to Lexington Drive, and thence easterly.

Trustee Woodberry presented an ordinance ordering the laying out of Kenilworth Avenue, which was read and laid over until the next regular meeting.

The City Attorney recommended that the City Clerk notify the State Board of Examiners and the State Treasurer of the issue by the city of Glendale of bonds to the extent of two hundred sixty thousand dollars (\$260,000), as required by Provision No. 681 of the Political Code, and it was so ordered.

On motion of Trustee Shaw the City Clerk was directed to advertise once in a Los Angeles paper and once in the Glendale Evening News for bids for the bond issue of two hundred sixty thousand dollars (\$260,000), same to be opened at 8 o'clock p. m., March 25, 1920.

Demands were reported back approved by the Finance Committee, and on motion of Trustee Shaw warrants were ordered to be issued in payment of the same.

Trustee Shaw presented an ordinance regulating the construction of public and private garages, the installation of curb pumps, etc., which was read and laid over for one week.

On motion of Trustee Shaw the ordinance presented at the regular meeting of March 11, 1920, was adopted as Ordinance No. 375, "An Ordinance of the Board of Trustees of the City of Glendale giving and granting to Standard Oil Company permission to cross with a spur track a certain street in said City of Glendale."

#### DAYTON MEN ARE SCOUT "DADDIES"

DAYTON, O., March 19.—(United Press).—Five hundred Dayton men have become rabid fans for the Dayton branch of the Boy Scouts of America through a clever scheme devised by John Haien, Dayton scoutmaster.

Haien has organized the "Old Scouts." The members are business men who are glad to pay \$10 a year apiece for membership. They thus become "daddies" of the Boy Scouts and the money they pay for dues support the Scout organization.

Haien first called a small group of influential men together. He submitted his plan which all accepted with enthusiasm. Each sent out a hundred letters to friends, soliciting further memberships. All in all five hundred have responded and more are expected to join.

Each "Old Scout" has on the wall of his office an emblem which says: "I am an 'Old Scout'—are you?"

#### INSECT COLLECTIONS

Published as a pathetic fact was the recent sale in Chicago of a collection of 45,000 insects, part of the estate of the man who collected them in the course of his lifetime, for the pitiful sum of \$500, but some of the Glendale boys who returned from war tell of collecting 50,000 or more insects in the dugouts along the front battle lines for which they received absolutely no compensation, not even indemnity from Germany.

#### NOTICE TO CREDITORS

Estate of Celesta C. Carson, deceased. Notice is hereby given by the undersigned Carlos M. Carson, Administrator of the Estate of Celesta C. Carson, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said Administrator at the office of Bert P. Woodard, attorney for

# Mid-Month List of Columbia Records

## Al Jolson Sings "Chloe"

This exclusive Columbia artist now appears in a new role—as author and composer as well as singer. Fond memories of "Mammy Chloe" give appealing sentiment to this Sinbad star's melodious ballad of the South.

A-2861—85c

## Ted Lewis' Latest Jazz

"Wond'ring" is the latest fox-trot of these exclusive Columbia artists, stars of the Greenwich Village Follies, which played seven months in New York. A syncopated riot which nobody can resist. Coupled with "You Can't Get Lovin' Where There Ain't Any Love," by the Louisiana Five.

A-2857—85c

## Dance to "Just Like the Rose"

This famous dance played by the Paul Biese Trio, new exclusive Columbia artists, is the quintessence of fox-trotting music. Coupled with "When You're Alone," by the same dance triumvirate.

A-2864—85c

#### Save the Fisheries Industry

The nation is awakening to the fact that the fisheries of Puget Sound, and Alaska are on the high road to destruction. Puget Sound sockeye salmon runs are almost annihilated and others depleted fifty per cent.

The intensive operations of fishermen to supply demand for fish as food, and use of power boats and machinery has depleted the stock of salmon and other food fish. This is especially true of Alaska salmon waters, halibut and cod fisheries.

Runs are falling off in appalling percentages in Washington and the whole north Pacific coast and rigid conservation is in order.

One state, Oregon, has with hatcheries and closed streams and seasons restored its runs of salmon to almost normal conditions.

said administrator, Rooms 710-714 Haas Building, at the North East corner of Seventh Street and Broadway, City of Los Angeles, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers, within four months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles.

Dated, March 5th, 1920.

CARLOS M. CARSON,  
Administrator of the Estate of Celesta C. Carson, deceased.

BERT P. WOODARD,  
710-714 Haas Building,  
Los Angeles, Calif.,  
Attorney for Administrator.

## THE WISDOM OF FOCH

Under the stern necessity of war men have virtues thrust upon them; they learn that one cannot be a good soldier unless one is first a real man. If you don't believe this study the ten rules laid down by Marshal Foch to the men under his command. These rules need but slight modification to make them apply equally well to the soldier of industry. Here they are:

1. Keep your eyes and ears ready and your mouth in the safety-notch, for it is your soldierly duty to see and hear clearly, but as a rule you should be heard mainly in the sentry challenges of the charging cheer.
2. Obey orders first, and, if still alive, kick afterward if you have been wronged.
3. Keep your arms and equipment clean and in good order; treat your animals fairly and kindly and your motor or other machine as though it belonged to you and was the only one in the world. Do not waste your ammunition, your gas, your food, your time, nor your opportunity.
4. Never try to fire an empty gun nor at an empty trench, but when you shoot, shoot to kill, and forget not that at close quarters a bayonet beats a bullet.
5. Tell the truth squarely, face the music, and take your punishment like a man; for a good soldier won't lie, he doesn't sulk, and is no squealer.
6. Be merciful to the women of your foe and shame them not, for you are a man; pity and shield the children in your captured territory, for you were once a helpless child.
7. Bear in mind that the enemy is your enemy and the enemy of humanity until he is killed or captured; then he is your dear brother or fellow soldier beaten or ashamed, whom you should not further humiliate.
8. Do your best to keep your head clear and cool, your body clean and comfortable, and your feet in good condition, for you think with your head, fight with your body, and march with your feet.
9. Be of good cheer and high courage; shirk neither work nor danger; suffer in silence, and cheer the comrades at your side with a smile.
10. Dread defeat, but not wounds; fear dishonor, but not death, and die game, and whatever the task, remember the motto of the division, "It Shall Be Done."

## FROM GANGS TO CLUBS

In a certain Chicago district from which 13 per cent of all that city's delinquent boys formerly came, a new enterprise has sprung up with the departure of the saloons. It is the formation of a "boys' club" which is expected to round up all the "gangs" which grew up around the evil saloon, and to help them to become useful and productive citizens.

The clubhouse is a remodeled three-story building which, in the days of the liquor traffic, was occupied by a saloon and a cheap dance hall. The old harmful influences will be replaced by wholesome, constructive ones. There will be all kinds of athletics, games, entertainment and educational facilities. The unguided or misguided "gangs" which used to turn out annually a large proportion of delinquents and criminals will disappear, and in their places will come clubs and teams and chummy groups of boys from seven to seventeen who have no heed for mischief-making because they are so busy having genuine fun under the friendly guidance of their club leader.

It is far simpler and more economical to direct and train boys for good citizenship than it is to arrest, punish and reform youthful delinquents and criminals.

## ANNOUNCEMENTS

## Personals

Henry Walsma and wife of the Broadway Bakery visited friends in San Pedro Wednesday.

Miss Ida Myers of San Fernando Road is visiting her niece and family, the Hillmans, at Tulare.

Ralph Meeker of Colorado Street, who was confined to his bed for a day or two by a severe cold, is now able to be out.

The children of Dr. and Mrs. Frank N. Arnold are about recovered from whooping cough. They had it in a very light form.

Art Dibbern of 208 West Lomita Avenue is able to go to work again after being kept at home for a week by a severe attack of tonsillitis.

Mrs. M. G. Jackson of West Wilson Avenue, who has been confined to her home by a heavy cold, was able to be out Wednesday.

Mr. and Mrs. C. D. Lusby were recent dinner guests of their son, Dr. Ralph Lusby and Mrs. Ralph Lusby, at their home in San Fernando.

Mrs. Moser, who has been the guest of her daughter, Mrs. Henry Braun, of 800 South Glendale avenue, returned to her home in San Francisco last Saturday.

Dr. and Mrs. T. Olson of Los Angeles and Mr. and Mrs. Elmer Olson, recently from Seattle, were dinner guests of Mr. and Mrs. George Daniels of 142 North Central Avenue Tuesday.

Mrs. C. O. Winters, mother of Mrs. Claud Case of 343 North Maryland, has been confined to her bed for several days by a severe attack of lumbago, but she was somewhat better this morning.

Mrs. Chas. Cunningham of Buffalo, N. Y., who has been spending the past two months with her niece, Mrs. C. J. Letts, 111 North Central Avenue, started on her return home Thursday evening.

Mr. and Mrs. Johnson, who formerly lived on Palmer Avenue, have moved to Ontario hoping the change will benefit the health of Mr. Johnson who has been suffering for a month from acute intestinal trouble.

Mrs. E. A. Whitaker of 210 West Windsor Road has recently completed the remodeling of her home which was damaged by fire some months ago. Besides redecorating the interior, Mrs. Whitaker has added a charming breakfast room to the bungalow.

Mrs. Frank Chambers of 736 S. Glendale Avenue has just welcomed a sister and brother-in-law from Seattle, Mr. and Mrs. Granger, who made the trip by auto from San Francisco. They are considering locating permanently in Southern California and are now looking for quarters in Glendale.

Mr. and Mrs. J. F. Mercer of Helena, Mont., started yesterday on their return home after a visit of nearly three months with the Mercer families in Glendale, at 319 N. Jackson. Mr. Mercer, an engineer on the Northern Pacific, was given a three months' layoff and decided to spend it in Southern California.

Mr. and Mrs. Frank Vesper have returned from an auto trip to San Diego of which they give most enthusiastic reports, declaring the country they journeyed through was so green and beautiful that they enjoyed every foot of the way. They were delightfully entertained by relatives, Mr. and Mrs. Owen, and by old friends they knew in Iowa.

Mrs. Mackey and her niece, Miss Jeanie Mackey, of Milwaukee, Wis., left Glendale this morning for King City, where they will be guests of Mr. and Mrs. Shives Mitchell. They will return Saturday and will be accompanied by Mrs. Mitchell and her son, Billy, the entire party being guests of Mrs. Ella Richardson of South Central Avenue.

C. H. Darling and wife have returned to Glendale from Hermosa Beach, where they spent six weeks, and are living at 330 Hawthorne. They will go to San Jose next Wednesday to spend a week, then return to Glendale to stay until warm weather comes to the East, when they will go back to their home in Moline, Ill., to spend the summer and look after their property.

R. C. Hanson, rural carrier of Route No. 11, has just purchased a beautiful Crow-Elkhart Six from the Stansbury Motor Company. Mr. Hanson has been seventeen years in the mail service, coming to Southern California from Tennessee in 1911. He is a great booster for Glendale, so much so that he has just refused a fine position in Washington, D. C., rather than leave this part of the country.

### A SCOTCH-IRISH-AMERICAN

W. M. McElroy was "it" at the First National Bank last Wednesday. His associates there had him tagged as a Scotch-Irish-American, and when he arrived in the morning he found his cage elaborately decorated with greenery and other insignia of St. Patrick and the Emerald Isle. At the close of banking hours members of the force were entertained by Mr. McElroy with a little spread which they are talking about yet.

## FROM RED APPLE LAND

H. M. OVERTON MAKES HURRIED TRIP TO GLENDALE FROM YUCAIPA VALLEY

H. M. Overton, who was formerly in the real estate business in Glendale with an office on Broadway between Kenwood and Jackson, is now conducting the same kind of a business in Yucaipa, and raising big red apples as a side line. He says the whole valley is prospering and new houses, large and small, arising on ranches and in the towns. His real estate business and that of other dealers is very large, he says, and that of Redlands, the nearest city, nine miles away, is larger than ever dreamed of, one agent having received \$275,000 in commissions since November 1, many of his sales being of orange groves.

Mr. Overton has ten and one-half acres in his ranch and last year he shipped from it 1200 boxes of apples, besides a considerable quantity of pears and cherries. His apples are mostly of the Winesap variety. No Bellefleurs are raised there, he said. The principal varieties are Winesap, Delicious, Rome Beauty, Jonathan, Arkansas Black and King David. Only red apples are raised in the valley and the deeper the red the more popular they are. Mr. Overton, who made a hurried business trip to Glendale Wednesday, returning yesterday, left at the Evening News office some of the big red Winesaps picked from his trees last fall. He says the run of 80 miles between here and Glendale, by way of Monrovia, Upland, San Bernardino and Redlands can easily be made in three and one-half hours.

## LITERARY SECTION

RETURN OF ITS CURATOR CELEBRATED WITH A PLEASANT SURPRISE FOR HER

In spite of bad weather there was a large attendance at the regular meeting of the Literary Section held Tuesday afternoon at the home of Mrs. Frank Ayars at 315 North Orange. Even Mrs. Charles Hutchinson, the curator, was able to be there, and was the guest of honor because it was her first appearance with the section since her recent illness. She was, of course, given a big welcome.

Mrs. M. E. Plasterer reviewed current events in literature, art and religion. Mrs. A. M. Williams gave a like review in the realm of science and religion.

A fine review of the book, "Democracy, Discipline and Peace," by Thayer, was given by Mrs. Blake Franklin. Mrs. G. H. Rowe reviewed "China's New Day" by Headland.

At the close of this program Mrs. Hutchinson was presented with \$93 in money for the club house fund which had been raised by the section during her illness under a "calendar scheme" devised by Mrs. Hayward, acting curator. The section had expected to give a "Colonial Tea to raise the money it desired to contribute but had no heart to carry the project through without the inspiration of its curator, so this plan of Mrs. Hayward's was welcomed as a substitute. It was a complete and very pleasant surprise to Mrs. Hutchinson who expressed her pleasure in an informal little speech in response.

Being a special occasion to celebrate the recovery of Mrs. Hutchinson, the section broke over its rule and refreshments were served by the hostess while the guest of honor received the greetings and congratulations of her friends.

## BACK TO OLD STAND

S. BLATT ON THE JOB AGAIN AFTER SEVERAL YEARS' ABSENCE

Eight years ago S. Blatt started a little "creamery store" in one side of the old one-story lath and plaster building at 411 and 413 East Broadway, the H. M. Overton real estate office occupying the other side. A few weeks later he bought the Stoeffel property on Verdugo Road, a little north of Wilson Avenue, now No. 222. Arthur Carter had closed out his little Jewel City Grocery in the store building a month or two previously, so Mr. Blatt moved his little stock of milk, cream and butter over there, put in a line of groceries and soon built up a fine trade. He started in with just \$50. Three years ago Mr. Blatt sold the store to Fred Fishel. It has changed hands several times since then and was finally closed up a few weeks ago. Mr. Blatt, who during these three years, had been running a large grocery store in Ocean Park, feeling that the people of his section needed a store, decided to reopen it. So tomorrow he has his opening, as will be noted in our advertising columns. Mr. Blatt's brother-in-law, A. Sussman, will be in charge of the Glendale store after it is fairly started, though Mr. Blatt longs for the old home and may decide to move his family back here.

A. H. Montgomery of 415 South Central Avenue is leaving for the East on Sunday.

## AMERICAN LEGION

MEMBERS OF GLENDALE POST ADOPT NEW CONSTITUTION; TRANSACT OTHER BUSINESS

The regular meeting of the Glendale Post of the American Legion at its club headquarters Thursday evening called forth a fair attendance. In the absence of Chairman Nicoles, Jesse Flower presided. The main business of the meeting was the consideration of the various sections of the new constitution which was adopted in place of the original constitution, declared null and void. The new instrument differs chiefly in correcting misleading phraseology of the first constitution and in changing meeting nights from the first and third Thursdays of the month to the first and third Fridays.

Article 6 of the by-laws was not voted upon because some changes have been suggested which are to be considered at the next meeting.

The Athletic Committee was instructed to co-operate with the Los Angeles Post in the formation of a baseball league and in arranging a schedule of games.

Four ex-service men made application for memberships which will be considered at the next meeting.

### BROADWAY PARENT-TEACHER MEETING

Thursday afternoon the ladies of the Broadway Parent-Teacher Association met at the school for the first time since January. Reports and recommendations for the convenience of the new school were discussed and approved.

The new \$80,000 school building has been started and many new furnishings will be needed that can not be met by the district so ways and means must be brought to bear in order that the teachers as well as the children will be properly cared for. All this will cost money and various ways were suggested and many will be carried out.

Mrs. W. Phillips, sixth grade mother, held a meeting at her home and reported that the mothers gave a treat to the sixth grade children who passed on to the higher grade in February.

Mrs. Horner, fifth grade mother, gave a food sale and donated for use in the new building \$13.60.

Mrs. Wilkinson, third grade mother, gave a tea towel shower at her home at which time many good ideas were advanced. As a means of raising money for playground equipment it was suggested that the children earn a sum of money to which should be added a like sum by the parents. This plan met with approval and some records will probably be broken.

On March 23 the ladies will take a trip to Los Angeles where they will visit the neighborhood schools for adults and learn of the work in adult education. This trip will also include a visit to the clinic, cottages, nurseries and other equipment.

In February some 50 ladies of Glendale visited the school for girls at San Fernando where they delivered a comforter, made by the Broadway School mothers, \$20 in money, fruit, plants, etc.

Mrs. Horner was elected delegate to nominating convention of the Federation.

### BRAND BLVD. CONCRETE BRIDGES

Both abutments and the two center piers of the bridge over the Wash for the west roadway of Brand Boulevard have just been completed and the supporting beams are being laid. All is of concrete and steel and the construction is of the highest class. The roadway is to be of asphalt. The piers and abutments were built up from a level 12 feet below the channel bed. The east bridge was finished several weeks ago and the water mains have recently been laid across it and the dirt for the approaches is all in place. It will be allowed to settle for a few days longer, then the surfacing will be put on. The sidewalks for the use of pedestrians will not be built along the bridge sides until after the roadways are in use.

Miss Lois Naudain, of 321 East Elk avenue, who has achieved quite a local reputation as a fancy dancer, is on the program for the entertainment Saturday afternoon to be given in the theatre of one of the Los Angeles dry goods stores. She has danced there before and is a favorite with the management.

Four dogs in the eastern part of the city were poisoned, two of them highly valued pets. One of the men who lost a pet by this despicable means thinks he is on the track of the guilty party. This is a crime that deserves the severest punishment.

### REPORTS OF JOBS IN FRANCE CALLED FALSE

Falseness of rumors that many opportunities exist in reconstruction work in France for ex-service men is pointed out in a recent special bulletin issued by Community Service to its field workers.

The bulletin reads:

For a month past, the office of the assistant to the secretary of war, in charge of soldier re-employment, has been receiving many letters from ex-service men all over the country, inquiring about reconstruction jobs in France at large wages. In some way or other, the report has been widely spread that there are unlimited opportunities of this character, which is very far from the truth.

It is probable that War Camp Community Service workers will be called upon to meet similar inquiries and in doing so the following statement made by Lieutenant Colonel Mathew C. Smith, executive head of the Washington bureau, will be to the point and may forestall many profitless letters to Washington:

"Firms which have reconstruction contracts for France have been circularized by this office, and they state that they are not employing any labor there as yet. The supervising heads for such projected reconstruction are technical men already connected with their office personnel.

"There are very few jobs of any kind for American soldiers in France at this time, and the statement that contractors are now offering good pay to all ex-service men that will sign up is without foundation. The report that the French government wishes to hire former soldiers from the United States is also incorrect."

Yosemite Park is to spend \$1,500,000 for the construction of hotels and bungalows.

# BROADWAY BAKERY

products touch the hungry spot. It's all in the way they're made.

There is just as much care used in our bakery in compounding our bakery goods as the most careful housewife would take in her own home.

That's why Broadway Bakery pastry and cakes taste like the home-made kind.

That's why the trays of good things that come daily from our ovens melt away like snow before the summer sun.

If you are not one of our regular customers we suggest that you try some of our bakery goods such as our

### THE LA CANADA THURSDAY CLUB

The members of the Thursday Club and their friends had a very enjoyable evening at the open meeting held on March 11 at the home of Mr. and Mrs. P. H. Johnson.

The program consisted of vocal duets by Mr. and Mrs. W. H. Beckman of San Gabriel, "The Garden of the Heart" and "Oh, Restless Sea," with Miss Harriet Seright as accompanist. Mrs. Beckman sang the "Charm of Spring," accompanied by Miss Seright. Miss Elaine Lynch of Los Angeles as violinist, accompanied by Miss Elsa Anderson, rendered a melody and also Cavatina by Raff. W. T. Selleck gave some readings and Miss Elsa Anderson some piano solos.

Several games were enjoyed by all. The home was festive with decorations in pink. Dainty refreshments were served at the close of the happy and inspiring evening.

### CARRANZA MAY BE KEPT AS PRESIDENT

By Ralph H. Turner,

(United Press Staff Correspondent)

CITY OF MEXICO, Feb. 26.—(By Mail).—It is a dull week indeed that doesn't bring forth a new turn in the political conjecture in Mexico's presidential race. And the past week has not been a dull one. This is the question Mexico is asking herself today:

"Does Venustiano Carranza intend to continue in the Presidential chair?"

Decidedly not, Carranza replies. According to Carranza's own statement, he will not remain in office "a single day after the first of December," the date when his term expires. This statement, which appeared originally in El Democrata, a government organ, was accompanied by the editor's declaration that a contemporary had published "an insidious notice to the effect that a certain political group was conferring privately to consider keeping the President in power without violating the constitution."

In refuting this suggestion, Carranza was quoted as saying that inasmuch as re-election was prohibited, he would not violate the spirit of the constitution by remaining in office, even though this could be done in a constitutional way. He declared further, according to El Democrata, that in case internal events prevented the holding of the election, Congress would designate the new executive.

But the President's statement, while exercising a certain quieting effect upon the campaign situation, has not entirely stopped the discussion in political circles that Carranza may succeed himself. Basis of this discussion generally is based on two points:

1. The President may declare that the pacification of the nation is not yet so complete as to permit the holding of the elections, thereby extending his term of office.

2. Controversy over the election may lead Congress to declare it illegal, following this action by naming a man to enter upon the new term.

In the event of the second development, the newspaper Excelsior (independent) has pointed out, Carranza undoubtedly would be designated as the provisional president.

The Excelsior asserts that the new constitution provides:

"In case of the absolute lack of a President during the first two years of a presidential term, Congress shall immediately elect a president, the same Congress to convoke new presidential elections, arranging for these to take place as near as possible to the next elections for congressmen and senators."

This means, according to the Excelsior, that should Congress declare the elections illegal, or should the president-elect resign for the sake of peace, Carranza would be named to hold office for two years longer, or until 1922, when the next congressional elections are scheduled.

Some people, in fact, declare that it would be best for Mexico if Carranza would remain in power; that he is the "strong man" of the country; that his continuance in office would permit Mexico to continue its steady improvement, uninterrupted by a shift in the reins of government.

But herein lies a factor which led Carranza's friends to insist that he will retire when his term ends. Carranza, they point out, is eager to prove before the world that Mexico under his administration has achieved democratic stability. There is no better way of demonstrating this, they say, than by the President's delivering his office to a man chosen by the people to succeed him. Very few Mexican rulers, it is declared, have peacefully stepped aside in favor of a successor—any successor. So here is a chance for Carranza to "make good"—for himself and for Mexico. It is this opportunity, say the President's closest supporters, which explains his eagerness to negotiate a change in power by peaceful, regular methods.

## WHEN YOU BUILD

- ¶ The building of a new home is an event in any family.
- ¶ The building of a new church, a school-house or other public building goes down in local history.
- ¶ A new business block is of importance to the entire city.
- ¶ Especially in the year 1920 when prices are soaring skyward, building of any kind is of more than passing interest.

## BUILD WELL

- ¶ So when you build, build well. Build for the future even though prices are high now. It will pay.
- ¶ Don't economize on materials. Use the best. It will pay.
- ¶ Employ a contractor who is thorough in every detail and who will carry out his contract scrupulously.
- ¶ If you are going to build we would like to refer you to some of the buildings we have erected in Glendale. We are willing to let them speak for us.

### ORDINANCE NO. 375

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE GIVING AND GRANTING TO STANDARD OIL COMPANY PERMISSION TO CROSS WITH A SPUR TRACK A CERTAIN STREET IN SAID CITY OF GLENDALE.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. That permission is hereby given and granted to said Standard Oil Company to cross San Fernando Road in said City of Glendale with a spur track, so that track facilities can reach those certain pieces or parcels of land situate in said City of Glendale, County of Los Angeles, State of California, and described as follows: A tract of land of one and one-half acres, situated on the northeast corner of Colorado Street and San Fernando Road, having a frontage of 165 ft. on Colorado Street and 335 ft. on San Fernando Road with a depth of 308 ft. on Colorado Street; provided that said spur track shall cross said street at a point described as follows: Beginning at a point on the westerly line of San Fernando Road 807 ft. N. of the intersection of the northerly line of Colorado street with the westerly line of San Fernando Road, thence crossing San Fernando Road to a point on the easterly line of San Fernando Road 671 ft. N. of the intersection of the northerly line of Colorado street and the easterly line of San Fernando Road as per map hereunto attached and made a part thereof.

That the terms and conditions upon which said permission is given and granted are the following:

That said spur track shall be laid, constructed and maintained in all respects under the supervision and to the satisfaction of the Superintendent of streets.

That said Grantee shall at its own cost and expense oil or macadamize the said street between the rails of said track and for two (2) feet on each side of said track with the same material and in the same manner and under the same specifications as other portions of said street are now or may hereafter be improved, and shall also at such times as future street improvements are made, simultaneously improve said street between the rails of said spur track and for a distance of two feet on each side thereof in the same manner and under the same specifications as the balance of said street is improved, and shall keep the same constantly so oiled or macadamized and in repair, flush with the street and shall make the road bed conform at all times to the established grade of said street.

That said grantee shall construct all necessary cement culverts and conduits for the free passage of water under said spur track wherever and whenever necessary, and that all such cement culverts and conduits shall be constructed at the points designated by and in accordance with the plans and specifications approved by said Board of Trustees.

That the cars upon said spur track shall not be allowed to stand on such street in such a manner as to obstruct the use of said street by vehicles or pedestrians.

That the work of constructing said spur track shall be completed within not more than one year from the date upon which this Ordinance becomes effective and that if said work be not so completed within the time or in the manner aforesaid, said Company shall forfeit all rights hereunder;

That any neglect, failure or refusal of said Company, its successors or assigns to comply with any of the terms and conditions hereof, shall thereupon immediately ipso facto effect a forfeiture of all rights hereunder and said City by its Board of Trustees may thereupon declare such rights forfeited and may exclude said Company, its successors or assigns from further use of said street under this Ordinance, and said Company or its successors or assigns shall thereupon immediately surrender all rights in and to the same, and all rights granted hereunder shall become and remain null and void.

Said City of Glendale hereby expressly reserves the right to oil, pave, macadamize, sewer or renew any of said street or to lay gas, water or other pipes or conduits therein, said work to be done so as to injure said spur track as little as possible.

Section 2. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the Glendale Evening News, a newspaper published and circulated in said City of Glendale and hereby designated for that purpose, after the expiration of 30 days from the final passage of this Ordinance, the same shall take effect and be in force.

Adopted this 18th day of March, 1920.

R. M. JACKSON,  
President Pro Tem of the Board of Trustees of the City of Glendale.

Attest:

J. C. SHERER,  
City Clerk of the City of Glendale.

STATE OF CALIFORNIA )  
COUNTY OF LOS ANGELES ) SS.  
CITY OF GLENDALE )

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof, held the 18th day of March, 1920, by the following vote, to-wit:

Ayes: Henry, Jackson, Shaw, Woodberry.  
Noes: None.  
Absent: Muhleman.

J. C. SHERER,

## CLEOPATRA WOULD BE NO BEAUTY TODAY UNLESS SHE WORE SERGE

NEW YORK, March 19.—It's hard to conceive how Cleopatra, Helen of Troy and some of those other fabled dames of pulchritude ever won out in the prize beauty contests without so much as a single blue serge suit or a taffeta frock on their backs.

Nowadays no pulchritudinous peach could even imagine a taffetaless or blue sergeless existence. Indeed blue serge is as omnipresent in our best wardrobes as blue blood in our best families. Tricelines, twills and gabardines have tried in vain to down the old reliable and doughty serge, for twills may come and gabardines may go but blue serge surges on forever.

In the newest spring suit models it is blue serge that builds the abbreviated Eton jackets and the swagger short box coat effects so dear to the hearts of slim young things. The skirts are pleated, of course, and when with the Eton jacket a vivid varicolored Roman sash shows underneath such a delectable costume results that fat females diet desperately in order to acquire one. For it is a sad verity that if you run rather to lumps than lines you must forego eatin' yourself if you would have your jacket Eton.

Taffeta is becoming as much of a herald of the spring as the first robin or the premier crocus. It swishes and rustles its lustrous triumphant way at the head of the spring fabric procession. For afternoon frocks, suits, wraps and even-

ing gowns it quadruples in brass or some base metal for who can deny that there is less silk and more tin in the taffeta today and tomorrow than yesterday.

Charming brown, cafe au lait and beige models have buoyant skirts formed of three tiers of ruffles and invariably their semi-fitted bodices show a low square cut decollete finished in a soft collar, ruffle or edging of cream colored lace. The smart all black taffetas also have

a high light of lace at neck or sleeve to relieve their sombreness and one stunning black creation shows a deep ruffle of pleated taffeta falling pelum like from the fitted bodice almost to the knee, elbow sleeves finished with a pleated ruffle of the same with an inner ruffle of blonde lace. The same lace is used to make a lavish full deep jabot that hangs from a high crush collar of black velvet and lends an old world charm to a confection that is distinctly new.

## "Y." WORK WITH BOYS

ACTIVITIES OF TRIANGLE AND  
PX CLUBS DURING  
PAST WEEK

The first week of school after the "flu" vacation has witnessed great renewal of interest and activity among the boys of the various Y. M. C. A. Clubs.

The boys in the Tropico section have organized two clubs. The Tropico Triangle Club shows many favorable signs of a fine organization. The following boys of the Cerritos School met to organize: James B. Moffett, Howard Cowan, Lyman King, Jas. Cowan, Eugene Muhleman, Melvin Todd and Virgil Todd. They have secured the Social Hall of the Tropico M. E. Church for their club room with J. E. Von Oven for their leader, and he won favor with the boys from the start. The study course will be the same as used by the other Triangle Club, "Men Who Dared."

The Tropico PX Club had the preliminary meeting Thursday afternoon and at their next meeting, which will be in the social room of the Tropico Presbyterian Church next Monday at 7 p. m., they will start off with the new organization.

All the other clubs have been holding the regular meetings this week, the Intermediate Triangle Club having the use of the High School gym for Tuesday evening. The lesson for this night was "The Boy Who Did Not Believe in Luck," followed by the regular gymnasium work, boxing between Theo Haig and Paul Bettis, and the two teams captained by Bob Frazee and Paul Bettis playing a lively game of basket ball. In spite of the pouring down rain there was a large attendance of boys.

Nearly two hundred boys listened to a lecture, "Keeping Fit," at the Intermediate School last Friday, given by E. E. Williamson, the District Y. M. C. A. secretary. This lecture, prepared by the U. S. Public Health service and presented in co-operation with the State Board of Health, was given with a series of lantern slides. This was one of the things that has arisen from the findings of the draft boards that over 30 per cent of the young men examined were unfit physically for military service. So after two years' work the Department has sent out these lectures all over the United States for the older boys of our schools. The most cautious have been enthusiastic about the method of reaching the boys of our country with a message of "Physical Fitness." The teachers and others are greatly pleased with the way the boys watched the pictures and received the message.

### CITY AND COUNTY JAIL

A movement looking toward consolidation of the city and county jail of Los Angeles which has been the dream of the big city for many years and tried out unsuccessfully in the state legislature more than once, is up now before the L. A. city council just now and it behooves the citizens of suburban towns like Glendale who do not approve of such consolidation to watch the proceedings closely. This movement is developing from the recent proposal to build a joint city and county jail to replace the ramshackle buildings which are so easy for even inexperienced criminals to break out of. Modern, burglar-proof jail buildings are certainly badly needed, but the question of whether or not it is wise to have a joint building or buildings is one that needs the most careful consideration. The county board of supervisors has already discussed the subject and they laid the matter before the L. A. city council. There seems to be some doubt as to whether or no a joint use of county and city funds for this or any other purpose is legal. It may be that some sort of enabling legislation will be necessary before this can be done and the question will be submitted to the city attorney and county counsel. Consolidation would be of great advantage to Los Angeles in her schemes to annex all the outlying municipalities.

# Announcement!

We take pleasure in officially announcing for Saturday the amalgamation of the H. G. Chaffee Company and the Acme Stores Corporation, to be owned and operated by the H. G. Chaffee Company.

## Butter

The very first  
grade, a quality  
product,  
**68c lb.**

## Eggs

Fresh daily from  
our country stores,  
**38c Doz.**

## PEACHLADE

A smooth, sweet  
jam, No. 2 Tin, 36c

## Our Policy

Will be to give each individual customer the best quality obtainable with all necessary service and courtesy at the lowest possible price.

## Your Protection

If you are not absolutely satisfied with every purchase you make you will please us by returning the article and claiming the price you paid.

## CALIFORNIA INDUSTRIAL REVIEW

Treasurer Richardson estimates \$600,000 royalties from oil lands due state.

Bishop—With the purchase of the Mono Power Co., holdings on Owens river by the Southern Sierras Power Co., an era of vigorous development begins. New owners expect to construct three or four plants, the largest of which is to furnish 27,000 horsepower.

Modesto erects 78 new homes during January and February, costing \$160,000.

Napa-Walling-Migliavacca interests are to erect a fire-proof block.

Corning is to get a box factory and planing mill.

Returns of the railroads to their owners means a tremendous increase in engine and car building and consequent shortage of mechanics.

Sacramento—The California Packing Corporation expects to construct a \$750,000 plant.

Watsonville closes the apple season with a total shipment of 185 carloads.

Sacramento—The California Pear Growers' Association is to launch a nation-wide advertising campaign. The Virden Packing Company is to erect a \$1,500,000 plant in West Sacramento.

San Francisco—The Southern Pacific Railway has placed orders for the first unit of a \$10,000,000 freight terminal.

Fresno county has contracted for 80 miles of highway totaling \$1,871,953.

Martinez—Contracts for three roads in the county have been awarded for \$375,234.85.

Lancaster—Eight wells are to be drilled in a 1400-acre tract in the Dry Lake section preparatory to rice planting.

Corona is the largest lemon shipping point in the United States. Has a \$350,000 citrus by-products plant employing 100. Returns from citrus fruit last year \$2,000,000.

Bakersfield—Prospecting permits and location filings continue heavy.

Lodi is to get a \$100,000 dryer with a capacity of 50 tons minimum.

Fresno—Four thousand acres of cotton are to be planted in the valley the coming season.

Inyo county is adopting plans for a new \$150,000 court house with money in the treasury to pay for it without a bond issue or a special levy.

Fowler—Standard Oil is to enter the local field, and building plans are under way

Yuba City shipped a trainload of raisins consisting of 24 cars valued at \$350,000.

Benicia is to get a new telephone system costing \$45,000.

Big Pine, Inyo county, voted \$80,000 for new high and grammar schools.

Sacramento—The eight-story concrete Cowan building is to be completed April 10.

San Rafael—Railroad employees will erect a \$75,000 class A hospital.

Kingsburg—The California Wine Association's plant is to be converted into a grape syrup factory.

Martinez—The Butters Zinc plant is to be enlarged and improved. A water gusher has been uncovered with a capacity of 72,000 gallons daily.

The City of Los Angeles expects to push the development of water storage and power projects in southern Mono county. The total expenditure of at least \$12,000,000 is predicted.

Newport—A \$1,000,000 firm is to start oil drilling in the local fields.

San Francisco—Freight service is to be established between Pacific coast points and the east coast of South America.

Blue Lake—The Glendale sawmill, closed since 1911, is preparing for operations.

Arcata—The Redwood By-Products Company is to establish a pulp manufacturing plant.

Bradley is in the grip of an oil boom, and drilling machinery has arrived.

Los Angeles—Improvements on the Southern Pacific icing plant includes an electric drive; installation of a 100-ton daily unit and the construction of a 12,000-ton storage room.

Van Nuys is shipping approximately 1000 cases of eggs weekly.

Santa Barbara—A new oil leasing bill releases \$1,500,000 impounded funds of the Obispo Oil Company.

Placentia is to get a two-story brick building for store and housing purposes.

### NEW SOURCE OF PAPER

Within three months two mills will be in full operation making paper pulp from southern cotton linters. One mill will be located at Memphis, Tenn., and the other at Augusta, Ga. One hundred and fifty tons of high-grade chemical pulp will be the output of these two mills per day.

This latest utilization of cotton by-products is of great interest to the paper industry. There has been a diminishing supply of available pulpwood in North America and much apprehension in consequence. The rapid growth of the paper industry is threatening to exhaust the natural supply of pulpwood at some future date not far distant.

Some time ago it was publicly stated that a thirty-acre tract of Canadian woodland is required to produce a quantity of news print sufficient to meet the daily demands of one of the country's largest newspapers. The steady and heavy drain on the pulpwood resources is apparent.

Extensive work is now being done along conservation lines and planting cut-over lands. In addition many investigations have been made to discover suitable substitutes from which paper pulp could be produced. Many substitutes have been suggested, such as cactus, various kinds of grasses and shrubbery, prolific trees and other trees in contrast to those now used. The industry has been slow to adopt any of these substitutes, each presenting certain drawbacks and serious objections.

The manufacture of paper from cotton linters is said to be entirely satisfactory.
